OPERATORS' HEALTH CENTER (OHC) PLAN SCHEDULE OF BENEFITS

OWNER OPERATOR / RELATIVE SHAREHOLDER (MONTHLY)

Effective April 1, 2024

All benefits are subject to eligibility, maximum Plan benefit, reasonable and customary determination (or negotiated fee amounts for VBP Plan provider services), and any special limits noted in the Plan. Charges that exceed the reasonable and customary amount or other Plan limitations will not be considered eligible in determining Plan benefits.

Special rules apply to any benefits subject to the No Surprises Act. The No Surprises Act protects patients who receive emergency services at a hospital, at an independent freestanding emergency department and from air ambulances. In addition, the law protects patients who receive emergency services from an Out-of-Network provider at an In-Network facility. In certain circumstances, non-emergency items or services that are otherwise covered by the Plan from an Out-of-Network provider who is working at an In-Network facility are also subject to the No Surprises Act.

For benefits subject to the No Surprises Act, any cost-sharing payments count toward your In-Network deductible and In-Network Out-of-Pocket Expense Maximum. An explanation of your rights under the No Surprises Act is available at http://local150.org/wp-content/uploads/2022/04/NSA-Notice.pdf.

Eligible expenses must be medically necessary and are subject to the Plan Year deductible unless otherwise noted. Age limitations, as specified in this *Schedule of Benefits*, are applied as of the last day of the month in which the eligible dependent's birthday occurs.

In-network services are services available at Local 150 Primary Medical Homes (Operators' Health Centers (OHC), Everside Health Centers, Midwest Coalition of Labor Health Centers (MCL Health Centers)), CVS Minute Clinics, ATI, Absolute Solutions, Gateway, Recovery Centers of America (RCA) or HST Care Connect (network for the OHC Plan). If you are unable to locate an in-network provider, please contact a specialized OHC Plan Representative at (708) 579-6668 for assistance or visit <u>https://moefunds.hstechnology.com/</u>.

Most out-of-network services will be subject to HST's negotiated Value-Based Price (VBP) amount. Out-of-network benefits apply when services are sought outside of the OHC, Everside Health Centers, MCL Health Centers, CVS Minute Clinics, ATI, Absolute Solutions, Gateway, Recovery Centers of America (RCA) or the HST Care Connect.

Value-Based Pricing is a transparent way of determining how much a provider or facility will be paid for certain services. It works by reimbursing the provider or facility based on a reference price. Because it is fully transparent and based on costs, the result is a price that is fair to both the provider or facility and the patient.
