

Benefits Benefits

OWNER-OPERATOR OR RELATIVE SILVER PLAN

A Schedule of Benefits explains what services are covered, the associated costs like copays, deductibles, and coinsurance, and any limitations or exclusions that are included, in order to give you an idea of what you're going to pay for medical treatments and procedures.

Plans' benefits are subject to eligibility, maximum Plan benefits, reasonable and customary determinations (or negotiated fees for PPO dental services) and any special limits noted in the Plan. Charges that exceed the reasonable and customary amount or other Plan limitations will not be considered eligible in determining Plan benefits. To avoid additional out-of-pocket costs, be sure to utilize in-network providers.

What is a Reasonable and Customary Charge?

Actual charge for the service or supply is comparable to what is usually charged for the same service or supply in the provider's geographic area.

Special rules apply to any benefits subject to the No Surprises Act. The No Surprises Act protects patients who receive emergency services at a hospital, at an independent freestanding emergency department and from air ambulances. In addition, the law protects patients who receive emergency services from an Outof-Network provider at an In-Network facility. In certain circumstances, non-emergency items or services that are otherwise covered by the Plan from an Out-of-Network provider who is working at an In-Network facility are also subject to the No Surprises Act.

For benefits subject to the No Surprises Act, any cost-sharing payments count toward your In-Network deductible and In-Network Out-of-Pocket Expense Maximum. An explanation of your rights under the No Surprises Act is available at http://local150.org/wp-content/uploads/2022/04/NSA-Notice.pdf.

Eligible expenses must be medically necessary and are subject to the Plan Year deductible unless otherwise noted. Age limitations are applied as of the last day of the month in which the eligible dependent's birthday occurs.

Member Eligibility				
Initial Eligibility	The first day of the month for which your employer is required to and makes contributions to the Fund.

The amount of the required monthly contribution is established by the Trustees and set in the employer's participation agreement with the Trustees.			
Self-Payments	Owner-Operator or Relative may not make self-payments to the Fund, other than COBRA payments, to continue eligibility.			
Termination of Eligibility	 Eligibility for an Owner-Operator or Relative terminate upon the earliest of the following dates: The last day of the month for which the contributing employer made the required contribution to the Plan; The last day of the month in which your employment with the employer terminates; The last day of the month before the month in which the employer is no longer signatory to a participation agreement allowing contributions to be made to the Plan; or The date of your death.
