Midwest Operating Engineers Retiree Welfare Plan Annual Notices

October 2022

Dear Retiree or Eligible Dependent:

The enclosed annual notices are for informational purposes only related to the Midwest Operating Engineers Retiree Welfare Plan (the “Fund”).

Specifically, the Fund must provide you with the following information:

- **Annual Breast Reconstruction Notice** – This notice is required under the Women’s Health and Cancer Rights Act (WHCRA) and must be sent to members of group health plans that provide for mastectomy benefits. This notice provides a description of benefits under WHCRA and any deductibles and coinsurance limits applicable to such benefits.
- **Notice of Creditable Coverage** – Either you or your eligible dependent is not yet eligible for Medicare. As a result, this notice must be sent to members of group health plans that provide prescription drug coverage to Part D eligible individuals. The plan must provide written notice stating whether a group health plan’s prescription drug coverage is, on average, at least as good as standard prescription drug coverage under Medicare Part D.

If you have any questions pertaining to the enclosed notices, please contact Member Services at (708) 579 -6600.

Sincerely,

The Board of Trustees

Midwest Operating Engineers Retiree Welfare Plan Annual Breast Reconstruction Notice October 2022

As an eligible retiree or covered dependent of the Midwest Operating Engineers Retiree Welfare Plan (RWP), you are required to receive this annual notice. Please review this information carefully. ***This notice is provided to you for informational purposes only, no action is required on your part. Please keep this information with your other group health plan documents.***

This annual notice is required under the federal Women's Health and Cancer Rights Act (WHCRA), first effective October 21, 1998 and must be sent to members of group health plans that provide for mastectomy benefits. This notice provides a description of benefits under WHCRA and any deductibles and coinsurance limits applicable to such benefits.

The RWP will consider charges for the following services and supplies to be covered medical expenses when the charges are incurred by an eligible member or an eligible dependent who is receiving benefits for a mastectomy, and when the person elects (in consultation with their physician) breast reconstruction in connection with the mastectomy:

- Reconstruction of the breast on which the mastectomy has been performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and physical complications relating to all stages of the mastectomy, including lymphedemas.

The benefits payable for these services and supplies are subject to the RWP deductibles, co-payment percentages and maximum benefit limitations applicable to covered services for other covered medical conditions.

If you have any questions regarding this notice, please contact Member Services at (708) 579-6600.

Sincerely,

The Board of Trustees

Notice of Creditable Coverage Midwest Operating Engineers Retiree Welfare Plan

Important Information About Your Prescription Drug Coverage and Medicare Prescription Drug Coverage

This Notice has information about:

- The availability of Medicare Prescription Drug Coverage (Part D).
- How the Midwest Operating Engineers Retiree Welfare Plan's existing prescription drug benefits for all Plan participants are, on average, at least as good as standard Medicare Prescription Drug Coverage.
- What your choices are and what happens to your coverage under the Midwest Operating Engineers Retiree Welfare Plan if you elect Medicare Prescription Drug Coverage.
- Where to find more information to help you make decisions about your prescription drug coverage.

The Midwest Operating Engineers Retiree Welfare Plan will continue to provide prescription drug coverage to Medicare eligible individuals for 2023. The prescription drug coverage provided by the Midwest Operating Engineers Retiree Welfare Plan is creditable coverage. You **do not** need to join a Medicare prescription drug plan since you have coverage available through the Midwest Operating Engineers Retiree Welfare Plan. You can keep this coverage and not pay a higher premium (penalty) if you later join a Medicare drug plan.

Read this Notice carefully as it explains the options you have under Medicare's Prescription Drug Coverage. Please keep this Notice in a safe place where you can find it.

Medicare Prescription Drug Coverage

Medicare Part D is available to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may offer more coverage for a higher monthly premium.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from **October 15th through December 7th**. However, if you lose creditable prescription drug coverage, through no fault of your own, you will be eligible for a two (2) month Special Enrollment Period to join a Medicare drug plan. In addition, if you lose or decide to leave employer/union sponsored coverage, you will be eligible to join a Medicare drug plan at that time using an Employer Group Special Enrollment Period.

Existing Coverage as Good as Standard Medicare Prescription Drug Coverage

The Midwest Operating Engineers Retiree Welfare Plan's existing prescription drug benefits are, on average, "Creditable Coverage," which means the Fund is expected to pay as much in claims for all participants (or more in some cases) as standard Medicare Prescription Drug Coverage pays.

Because your current prescription drug benefits with the Midwest Operating Engineers Retiree Welfare Plan, on average, are as good as Medicare standard coverage, you can stay covered under the Plan and join a Medicare drug plan later and not be required to pay a higher premium (a penalty).

Keep this Creditable Coverage Notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this Notice when you join to show whether or not you have maintained creditable coverage. This Notice verifies that you have Creditable Coverage and that you are not required to pay a higher premium (a penalty).

Your Choices and the Consequences

If you are considering joining a Medicare drug plan, you should compare your current coverage, including which medications are covered, at what cost, with the coverage and cost of the plans offering Medicare Prescription Drug Coverage in your area. Remember that for most people there is a monthly premium for Medicare Prescription Drug Coverage.

See below for more information about what happens to your current coverage if you join a Medicare drug plan.

If you **do not enroll** for Medicare Prescription Drug Coverage, you will continue to receive prescription drug benefits under the Midwest Operating Engineers Retiree Welfare Plan (as long as you are otherwise eligible to continue Plan coverage). Remember that the Plan also covers medical benefits, in addition to prescription drug benefits. You will continue to be eligible to receive the Plan's medical and prescription drug benefits.

Non-Medicare Eligible Retirees and Their Dependents

If you are a non-Medicare eligible retiree, you and your non-Medicare eligible dependents will continue to receive prescription drug coverage under the Plan.

Medicare-Eligible Retirees and/or their Medicare-Eligible Dependents

If you are a Medicare-eligible retiree or Medicare-eligible dependent of a retiree and enroll in Medicare Prescription Drug Coverage, you will **no longer** receive prescription drug benefits under the Midwest Operating Engineers Retiree Welfare Plan. You will continue to be eligible to receive medical benefits under the Plan. However, your monthly premium for coverage under the Plan will not be reduced.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you are entitled to Medicare and drop or lose your coverage with the Midwest Operating Engineers Retiree Welfare Plan and do not join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium for Medicare Prescription Drug Coverage may be higher. The increase may be at least 1% of the Medicare base beneficiary premium for every month that you were eligible but did not have coverage. For example, if you go 19 months without creditable coverage, your monthly premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare Prescription Drug Coverage. In addition, you may have to wait until the following October to join.
