Important Questions	Answers	Why This Matters:
What is the overall deductible?	Medical In-network: $5,000/individual or $10,000/family; Medical Out-of-network: $10,000/individual or $20,000/family.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. In-network preventive care, TMJ, covered services received through a direct contract preferred vendor or through a Local 150 Health Center (Operators' Health Center (OHC), Marathon Health Centers & Midwest Coalition of Labor Health Centers (MCL Health Centers)), orthoptic training, and in- network prescription drugs are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Medical In-network: $5,000/individual or $10,000/family; Medical Out-of-network: $10,000/individual or $20,000/family; Prescription Drugs (in-network): $1,600/individual or $3,200/family; Prescription Drugs (out-of-network): $4,000/individual or $8,000/family.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, Family Supplemental Benefits, TMJ, orthoptic training, and health care this plan doesn't cover.	Balance-billing occurs when an out-of-network provider or out-of-network facility bills the patient for the difference between what we paid, and the total amount charged for a service. Although you pay these expenses, they don't count toward the out-of-pocket limit.

Effective April 1, 2022, under the Consolidated Appropriations Act, providers will no longer be able to balance bill members for certain services outlined under the No Surprises Act. For more information regarding Your Rights and Protections Against Surprise Medical Bills, visit http://local150.org/wp-content/uploads/2022/04/NSA-Notice.pdf .

Will you pay less if you use a network provider?	Yes. Call 1-800-810-2583 for a list of medical network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
